Note 1 - Organization and Nature of Business

Plan B investments, Inc. (the "Company") was incorporated in the State of California on September 23, 2004. On October 28, 2005, the Company became a registered broker-dealer in securities under the Securities Exchange Act of 1934, as amended, to provide investment advisory services, and to sell mutual funds, and variable annuities.

The Company became registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers ("NASD"). The NASD and NYSE Member Regulation consolidated in 2007 for form the Financial Industry Regulatory Agency ("FINRA"). The Company is headquartered in Burbank, California.

Note 2 - Significant Accounting Policies

Basis of Presentation – The Company conducts the following types of business as a securities broker-dealer, which comprises several classes of services, including:

- Mutual fund retailer
- Broker or dealer selling variable life insurance or annuities
- Investment advisory services
- Private placements of securities

Under its membership agreement with FINRA and pursuant to Rule 15c3 (k) (2) (i), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Securities Owned – Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade date basis.

Revenue Recognition - The Company recognizes revenue upon rendering of services. Advisory fees are invoiced either at the beginning or end of each quarter, depending on when the revenue was earned. The revenue for the BD is in the form of commissions. The revenue for the RIA is in the form of fees. Both types of invoices are recognized when earned and entered into QuickBooks by their revenue source. The invoice are received as of the date of the check or EFT deposit into the bank account.

Note 2 - Significant Accounting Policies (continued)

Income Taxes - The Company has elected to be taxed under the provisions of subchapter S of the Internal Revenue Code and comparable State of California statutes wherein the Company's taxable federal and state income is taxed directly to the shareholder. Additionally, the state of California imposes a 1-1/2% state franchise tax on the corporation's taxable income.

The accounting principles generally accepted in the United States of America provides accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2014 to the present, generally for three years after they are filed.

Depreciation – Depreciation is provided on a straight-line basis using estimated useful lives of five to ten years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Statement of Changes in Financial Condition – The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Note 3 - Fair Value

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Note 3 - Fair Value (continued)

Level 3 inputs are unobservable inputs for the asset or liability and rely on management's
own assumptions about the assumptions that market participants would use in pricing the
asset or liability. (The unobservable inputs should be developed based on the best
information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2017.

Fair Value Measurements on a Recurring Basis As of December 31, 2017

	As of Determiner 31, 2017				
Assets	Level 1	Leve	el 2	Lev	el 3
Cash and Securities	\$83,449	\$	0	\$	0

Note 4 – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 5c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day by day, but on December 31, 2017, the Company had net capital of \$67,347 which was \$62,347 in excess of its required net capital requirement of \$5,000. The Company's percentage of aggregate indebtedness of \$16,104 to net capital was 24%.

Note 5 -- Income Taxes

As discussed in the Note 2 - Significant Accounting Policies the company is subject to a 1.5% tax on net income over the minimum tax of \$800. At December 31, 2017, the Company recorded the minimum franchise tax of \$800.

Note 6 - Operating Lease Commitments

Future minimum lease payments under the lease are as follows:

	Amount
2018	3,984
Total	\$ 3,984

Total rent expense for the location for year 2017 was \$ 19,535.

Note 7- Exemption from the SEC Rule 15c3-3

Rule 15c3-3(k)(2)(i) provides an exemption from the SEC's so-called "customer protection rule" for firms that: carry no margin accounts; promptly transmit all customer funds and deliver all securities received in connection with their broker-dealer activities; do not otherwise hold funds or securities for, or owe money or securities to, customers; and effectuate all financial transactions with customers through one or more bank accounts designated as "Special Account for the Exclusive Benefit of Customers" of the Company.

Note 8 - SIPC Supplementary Report Requirement

During the year ended December 31, 2017, SIPC reduced its member's assessment to .0015 of each member's securities business total revenue. The Company is not required to complete the SIPC Supplementary Report under SEC Rule 17a-5(e)(4) for fiscal year ending December 31, 2017 because the Company's SIPC Net Operating Revenues are under \$500,000.

Note 9 - Subsequent Events

Management has reviewed the results of operations for the period of time from its year end December 31, 2017 through February 26, 2018, the date the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying combined financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM EXEMPTION REPORT REVIEW

To the Board of Directors and Shareholders of Plan B Investments, Inc.

I have reviewed management's statements, included in the accompanying Exemption Report Review, in which (1) Plan B Investments, Inc. identified the following provisions of, 17 C.F.R. §15c3-3(k) under which Plan B Investments, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(i) (the "exemption provisions") and (2) Plan B Investments, Inc. stated that Plan B Investments, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Plan B Investments, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Plan B Investments, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
